

Useful code-words:
 Progress, Modernization,
 Development, Inevitable.

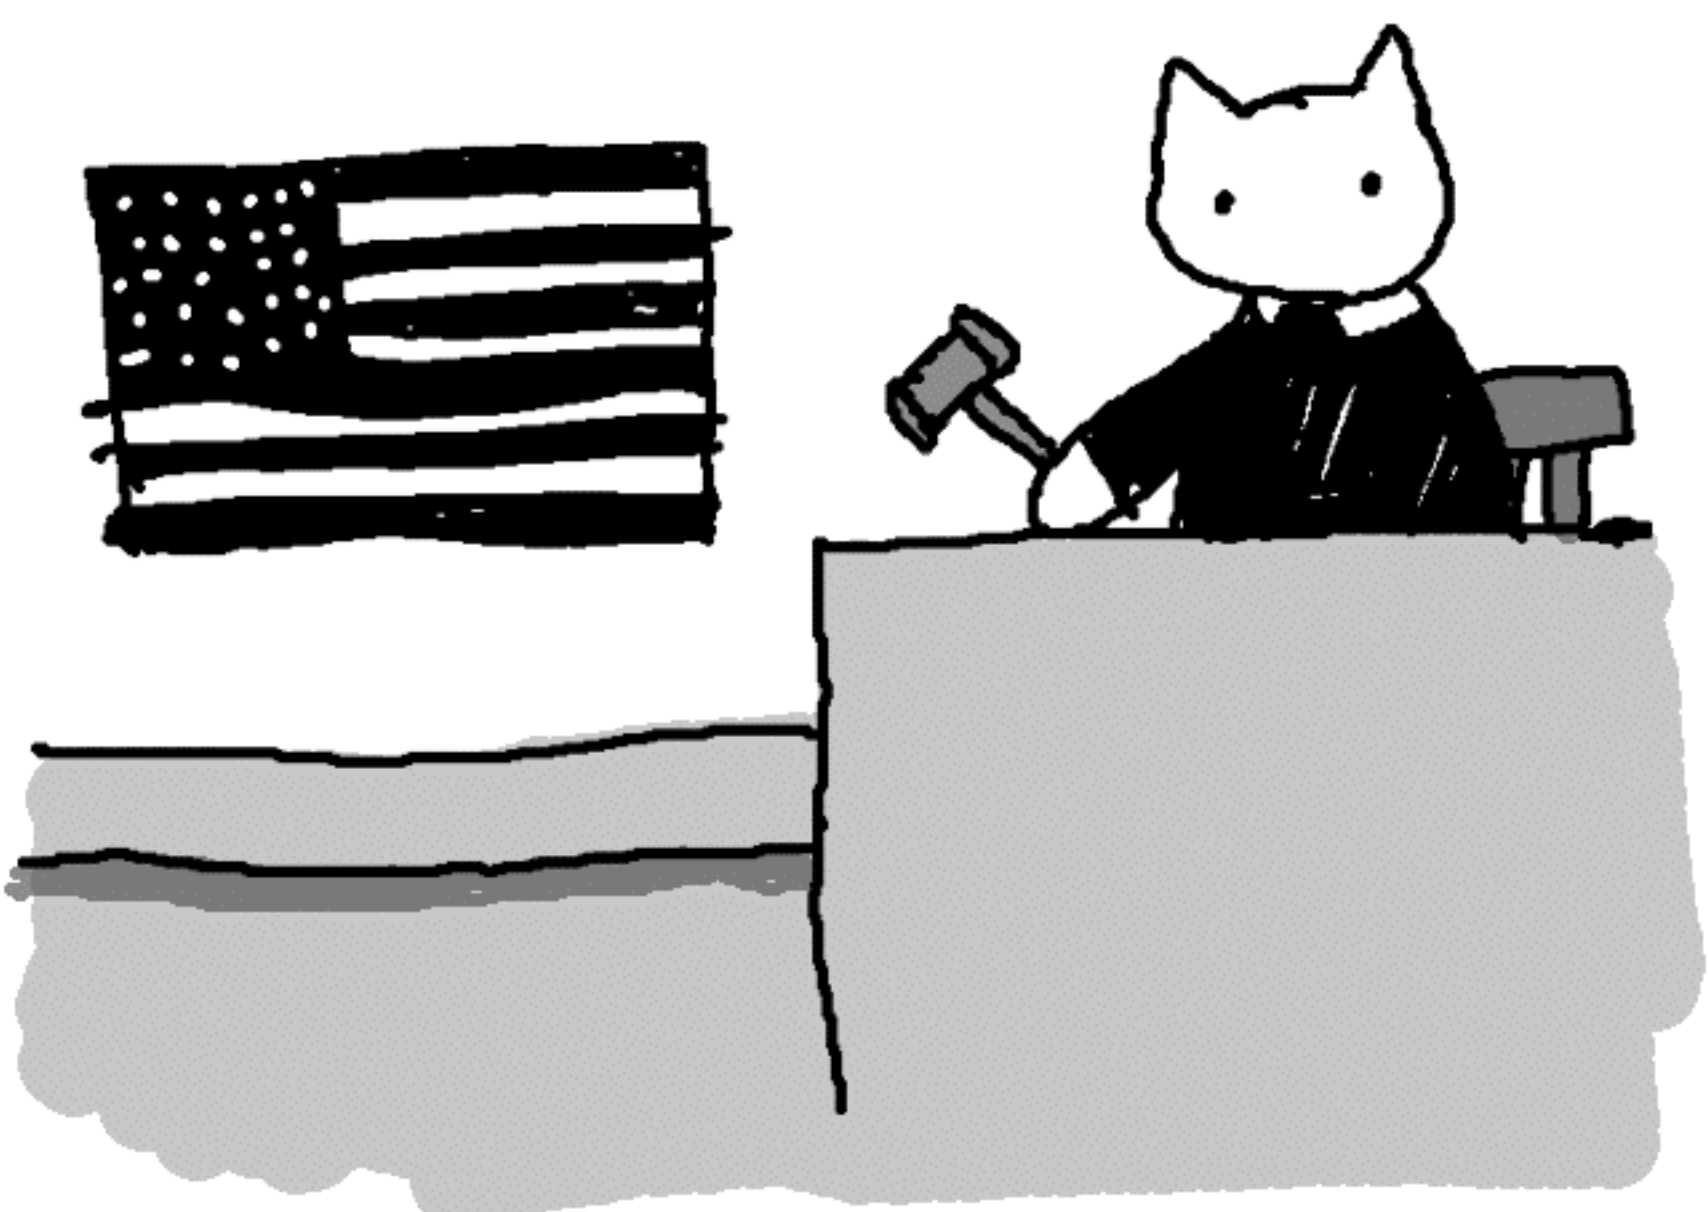

Examples: Government &
 Law, Economy, Religion,

2. REPLACE ALL ASPECTS
 OF NATIVE SOCIETY WITH
 YOUR OWN.

3. INVENT LEGAL
 INSTRUMENTS THAT ALLOW
 YOU TO CLAIM OWNERSHIP
 OF NATIVE LANDS.

Examples: Treaties
 (you don't have to
 honor them), Annexation
 (doesn't have to be
 legal), Referendums (rig
 the vote)

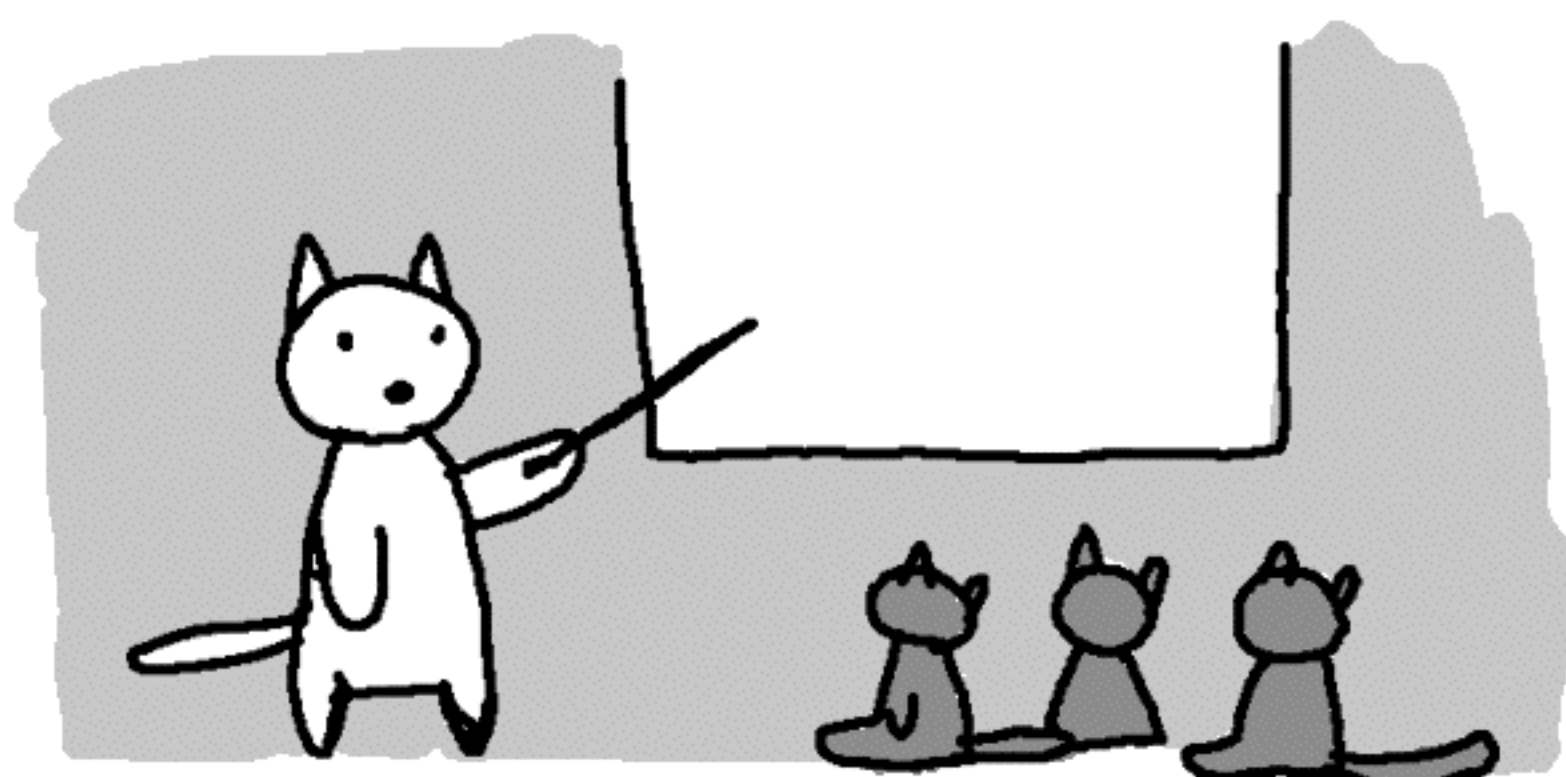

Choose the most
 appropriate
 strategies: disease,
 criminalization/
 incarceration, blood
 quantum, cultural
 genocide/forced
 assimilation, forced
 out-migration, cultivate
 poverty, just kill them.

1. ELIMINATE NATIVE
 PEOPLE.

4. CONTROL HISTORY

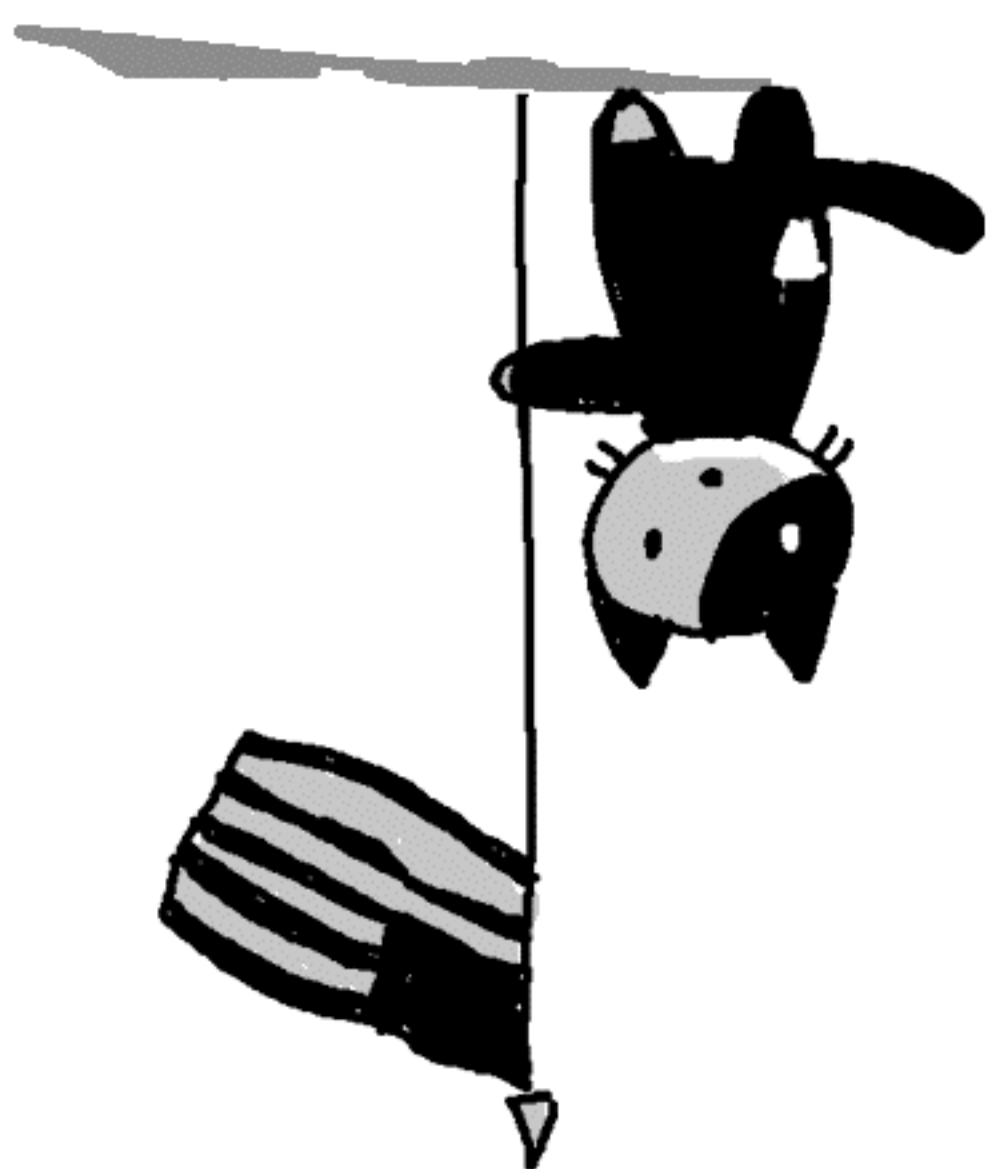

Write history the way
 you want people to
 believe it and teach
 it in all the schools
 (misinformation OK;
 eventually people
 forget what really
 happened). Commemorate
 official history with
 celebrations, statues
 and honorific naming.

Call the whole process
 'democracy'. Call
 opposing viewpoints lies
 and revisionism.
